

Spend Your Gap Year with Cape Resorts

CAPE ★ RESORTS

GAP YEAR PROGRAM

Cape Resorts is pleased to offer an exciting opportunity for students caught up in the uncertainty looming over the fall and spring college semesters this year.

The GAP YEAR program unveiled this week by Cape Resorts will immerse participants in the nuances of the hospitality industry.

“As a service business, our collection of hotels, restaurants, farm and shops provide a remarkable training ground for those who want to learn foundational skills about communication, dealing with people, customers and teams, especially in the formative years of one’s career,” says Curtis Bashaw, managing partner of Cape Resorts. “Hotels offer one an opportunity to learn about culinary arts and entertainment, facilities management, human resources, finance and programming, all practical and translatable skills.”

The program runs for a minimum of 90 days and offers housing, job training and mentoring. Students can also participate in elective workshops on small business operations, entrepreneurship, marketing and finance.

Cape Resorts welcomes thousands of guests each year. We look forward to welcoming you to our team.
